Sugar Land, TX, July 29, 2013 – Personalized Media Communications, LLC (“PMC”), which develops, owns and licenses a unique portfolio of patents that enhance media delivery and content, has successfully concluded a comprehensive patent licensing agreement with The DIRECTV Group, Inc. (“DIRECTV”).

The new license also draws upon the rights of the PMC portfolio consisting of 57 patents all with either 1981 or 1987 priority dates issued since 2010. These patents will not begin to expire until 2027.

In addition to these issued patents that cover inventions PMC has developed internally over a 32-year period, DIRECTV also will be licensed to approximately thirty more PMC patents expected to issue over the next 24 months that will not expire before the 2030’s.

John C. Harvey, the principal inventor of the PMC technology and the company’s founder said, “We have spent more than thirty years developing and patenting this technology that is now finding acceptance. By becoming a PMC licensee DIRECTV benefits from the value of the PMC patent portfolio. We are pleased to add DIRECTV to our growing list of license holders.”

About Personalized Media Communications

Personalized Media Communications, LLC is an inventor-owned and managed company that has developed a portfolio of fundamental patents. Established in 1981 by its founder and lead inventor, John C.
